## Chaperones

Chaperones are an essential part of a great tour. They are responsible for the general health, safety and welfare of the students. They are called upon to encourage tour rules and curfew, as well as to nurture sensitive feelings. There will be some free time available that chaperones spend with their assigned students that require some creativity. But the most important duty of the chaperone is to have fun and to make sure that the students do, too.

Chaperones for **UTAH VALLEY YOUTH SYMPHONY** tours must be:

♪ 21 years of age

♪ Fleet of foot (Youth Symphony Tours are physically demanding and require a lot of walking and “keeping up with kids.” Older chaperones are always welcome keeping in mind appropriate health and stamina concerns).

♪ Keen of mind (Youth are always seeking wisdom about life and how to get around the rules!)

♪ Unbreakable (A positive attitude keeps you sane!)

Thanks in advance for your time and commitment!
